What Happened To Our Children?

by Lt. Col. Gordon Jack Mohr, AUS Ret.

"As for my people (Israel), children are their oppressors, and women rule over them. O my people, they which lead thee cause thee to err, and destroy the way of thy paths." - Isaiah 3:12

In 2 Timothy 4:1-5, we read these words: "But evil men, and seducers shall wax (Greek - PKOKOPTO meaning: 'grow; increase'), worse and worse, deceiving and being deceived."

Today, with front page news stories screaming about schoolroom shootouts, where students, some of them in pre-teens (the Jonesboro, Ark. massacre was done by boys 13 and 11), and everyone from the President on down coming out with ideas on how to stop what seems to be becoming a Satanic epidemic, it might be well for us to go further than "Gun Control," as the answer to this frightening problem.

"Jack be nimble, Jack be quick; snap the blade and give it a flick. Grab the purse, it's easily done; plunge the knife and cut and run." Does this obscene verse come from some sick comic book? Not at all! It is found in a Fifth Graders book, used in some "Inner City" schools, titled THE INNER CITY MOTHER GOOSE! This is but one of many recent textbooks that decent parents are complaining about.

Our discussion will center around traditional American Christian values of decency and morality, and a heathen concept called Secular Humanism, that has crept into American education within the last fifty years.

Today, this concept is being pushed by the enemy of Christian values in every facet of American life. This "new idea" which is actually centuries old, going back to the Garden of Eden, revolves around the teaching that all things are "relative." The dictionary defines this as "related to each other." This teaching says there are no such things as "right" or "wrong," only "shades of grey," that life is controlled by things such as our environment, which are beyond our control and that we really don't have any say about what we do. This has become known as "Situation Ethics!" "Right" or "Wrong"' is determined by the situation you find yourself in.

In Hosea 4:6, we find these interesting words: "My people (Israel) are destroyed for lack of KNOWLEDGE." Notice it does not say "lack of EDUCATION," but "lack of KNOWLEDGE." A great English statesman once said: "Education without God, turns men into clever devils," and this is exactly what is happening with many of our children.

Children without EDUCATION in Christian values, are egged on by the vile and violent things they see on TV, and read in their books, to do unspeakable acts against their peers. They are literally turned into "jungle savages" by the music they listen to, which their parents often purchase for them. One such young savage, looking down at a victim who lay bleeding to death at his feet, chuckled as he said: "This is done different than Algebra, ain't it?"

Today in America, we have literal droves of "educated idiots" who are trying to run this country, while at the same time, they are knowingly laying the ground work for our absorption into the New World Order of International Zionism!

God's Word warns us about this in Isaiah 5:20, where we read: "Woe unto them that call evil good, and good evil; that put darkness for light and light for darkness; that put bitter for sweet, and sweet for bitter. Woe (deep sorrow) to them that are wise in their own eyes, and prudent (cunning) in their own sight."

Before we go deeper into this discussion, I'm sure that most of you know that my thinking will be colored by my personal Christian beliefs. These in turn are centered on an unshakeable belief in the authenticity of God's Word. I am what some sarcastically call a "funnymentalist," if by that you mean that I believe God's Word, and that ii contains the "blueprint" we need for a happy life.

I accept God's Word, as found in the Holy Bible, as final above anything than man can come up with! That it supercedes the ideas of man, no matter how intelligent they may be.

This is one of the major reason my teaching comes under bitter attacks by the liberals of Secular Humanism. Paul understood these fellows in the First century when he wrote in Romans 1:21, 22.

"Because that when they knew (about) God, they glorified Him not as God, neither were they thankful; but they became vain in their imaginations, and their foolish hearts were darkened. Professing themselves wise, they became fools." Later in 2 Timothy 3:7, he elaborated on this when he said these "Were ever learning, but never able to come to an understanding of the truth." The Greek word for WISE is FRON-EE-MOS which means: "intellectual achievement which leads to conceit." We have thousands of these in America, in our school system, and often standing behind the pulpits of our most prestigious churches.

I heard a rather crude story that illustrates what I mean. It seems that a country boy who had become successful as a preacher, with little or no education, had worked himself up to become pastor of a large city church. Wanting to impress his parishioners, he went to a printer and had him make us some name cards. He said, "Put on them, THE RIGHT REVEREND GEORGE BROWN, and then add some of them alphabets." When the cards arrived he passed them out after the church service. Two men were heard discussing the cards. One said: "I know what the Right Reverend George Brown means, but what does that BS, MS, PhD mean?" His friend looked at him and replied; "Man, you sure are dumb. Everybody knows what BS stands for. The MS means more of the same, and the PHD 'piled higher and deeper." Very possibly true!

Since I will using the term "liberal" frequently, let me define what I mean by it. I will not be using it in its classic sense which means "one who is willing to make a change for the better". I will be speaking about the "pseudo-liberal" or the "fake liberal." Men like Vice President Gore, who are always willing to give away your money for some cause or the other, but who only gave $385.00 to charity last year according to IRS reports.

The modern liberal believes that he is "the master of his fate, he is the captain of his soul". That he is smart enough to handle life's problems without having God interfere in what he wants to do. You can see the result by looking at today's America.

Under the guise of this religion, for this is what it is, the religion of the New World Order, men have set out to destroy the moral and spiritual foundations on which this country was built and on which she grew to greatness.

When Alexis de Tocqueville, the Great French philosopher came to America in the Nineteenth Century, he was looking for a clue as to what had made her great in such a short time. He said: "I searched in your magnificent harbors, and it was not there. I looked in your mighty steel mills and it was not there. I looked in the wheat and corn producing fields of the midwest and could not find it. It was not until I went within the walls of your churches, and listened as the pulpits flamed against unrighteousness, that I realized America was great, because she was good, and that when she ceases to be good, she will cease to be great!"

This is what is taking place today, as the enemies of God and decency seek to "destroy White Christian Civilization."

Today, churches that at one time were the "salt" Jesus mentioned in Matt. 5:13, have now become the "salt which has lost it's savor,"it's ability to "hold back corruption." Today, many of these openly support those who have declared their intention of destroying Christ's church, and have elevated them to the pedestal of being God's Elect! I don't have to elaborate on this.

Our churches, often aiding a corrupt government with false teachings about the Christian's duty to obey government, no matter what, have weakened us to the point where it will be easy for us to be assimilated into the Zionist New World Order.

Some reply that the Bible prophesies that this will happen, and we are fighting against God if we try and stop it. My what a weak excuse to avoid "front line duty!" Some say: "God never changes his mind!" These haven't studied the Book very well, or they would read in Jonah 3:1, how when the people of this wicked city, heard Jonah's message of doom, and repented from the king on down. Verse 9 says: "And God saw their works, (notice not what they said, but what they did," that they turned from their evil way; and God REPENTED of the evil He said He would do unto them, and He did it not!"

We have a FORMULA FOR OUR SURVIVAL, that is available to America now, if we really want it. It is found in 2 Chronicles 7:14. Most Christians know it by heart, and it is a favorite verse in many Judeo Christian churches: "If My people, which are called My name (Christian), will HUMBLE themselves, and PRAY, and SEEK My face, and TURN from their wicked ways; THEN will I HEAR from heaven, and will FORGIVE their sin, and will HEAL their land." The problem is that most Christians only give this Formula "lip service" and neither they or their pastors are willing to stop "doing their own thing," whatever that may be, to OBEY God.

The First Century Christians believed that Jesus would return during their time but that didn't stop them from "Occupying until He will return!" If they had acted like many modern day Christians, Christianity would never have survived the persecutions of the First Century, and we would have been heathen today.

Public education, has never before in it's history, been under such vicious attack as it is today.

Many of us who cnticize "liberal education" are called "nearsighted, for we often tend to concentrate on one phase of the battle, without understanding the source of the evil that is overwhelming us. So we concentrate on sex education, abortion, lack of morality, etc., without ever recognizing what is causing the trouble.

Some conservatives get upset if you don't concentrate on "sex education"; or the drug problem; or abortion. They spend all their time, money, and energy on trying to chop oft one tentacle of the octopus, not realizing that for every arm they chop off, the beast grows two more. To deal with it successfully, we MUST strike at it's heart!

The main issue in the modern education system is the philosophy of John Dewey it's founder, which seeks to do away with God and all issues of right and wrong. This is superceded by the teaching, that since man is an animal, he will naturally think and act like one.

This Zionist/Communist concept surfaces in their textbook on PSYCHOPOLITICS (the art of controlling an entire nation by controlling their thinking). On page 30 it says: "Man is an animal. He understands in the final analysis, only those things that an animal understands." On page 42 - "Man must be degraded from a spiritual being to an animalistic reaction pattern. He must think of himself as an animal, capable only of animalistic acts. He must no longer be allowed to think of himself and his fellows as capable of spiritual nobility or greatness." It is interesting to note that in Yiddish, the "non-Jew", especially the Christian, is contemptuously referred to as a GOYIM. In their religious book, the BABYLONIAN TALMUD, this word means: "non Jew animal", and they are taught that when Zionism is triumphant, every Jew will have "two thousand goyim slaves". (They are talking about you and me, my Christian brother and sister. Is it a "hate crime" for me to warn you about what they claim as fact)?

Many parents seem to feel that because a teacher is sincere, that they are a good teacher. Nothing could be farther from the truth. I remember an old Peanuts cartoon. Charlie Brown was ,standing on the pitchers mound, around world series time, a vision of despair and saying: "Here we are behind 184-0, how can any team that is so sincere, lose so bad?" Sincerity is a "matter of intent," and has

nothing to do with "truth." Hell will be full of sincere people, some of them professing Christians who thought they were right and were sincere about it. When you hear someone say: "It doesn't matter what you believe, as long as you are sincere", you know you are probably listening to a "wolf in sheep's clothing."

The Indian mother who tosses her baby to the crocodiles to appease her heathen god, may be very sincere, but she is still a murderess.

The Apostle Paul, before his Damascus Road Conversion believed he was right and persecuted and killed Christians with pleasure. He had to be "knocked off his horse, and blinded" to learn the truth! You and I will be judged both in this life and the life to come, not only by what we believe, but by what we do. We will not be SAVED by GOOD WORKS, but if GOOD WORKS do not follow SALVATION, we should know that something is drastically wrong. This is what the Apostle meant in Phil. 2:12, when he said: ". . . work out your own salvation with fear and trembling."

The moral of this teaching is that "What you do, shorts so loud we can't hear what you say!" If you believe wrongly, no amount of sincerity or enthusiasm will make it right!

As you can see, this message was not meant to entertain you and possibly some of you may have your feelings hurt by what I say. I may have to say as Paul did to the church at Galatia (Gal. 4:16), "Am I therefore become your enemy, because I tell you the truth?"

God never appointed me to be a PERSUADER. That is the task of the Holy Spirit. For some reason Unknown to me, and which I don't always like, He made me a WATCHMAN on the walls of America, Ezekiel 3 and 33. When I see danger to our people, I MUST warn them, for if I don't and they are hurt by the enemy, God will hold me accountable. But when I warn you, and give you the TRUTH, it immediately becomes a personal matter between God and you, and He will hold you accountable for what you have heard, whether you want to accept it or not.

This message will contain frightening facts which are today in the process of destroying the Christian family, as they were meant to do!

I hope that I stir some of you up to come out of your "spiritual foxholes" and get involved in the fight before it's too late.

We will, not lose our FREEDOM at 3 a.m. when we answer a knock at our door, and find a man with a red star on his hat and a Tommy gun in his arms, who says: "Come with me to the Concentration Camp!" We will lose it, when good people, Christian folks like you and me, see evil taking over, and sit back saying: "I'm only an individual you know. Everyone knows you can't buck City Hall." When enough good folks feel this way, Christian FREEDOM will die. We will take her to the cemetery, bury her and over her grave erect a headstone with this epitaph: "FREEDOM DIED IN AMERICA, BECAUSE CHRISTIAN PEOPLE DIDN'T WANT TO BE BOTHERED!

You might be amazed at the source of criticism that comes my way when I try and warn people of the dangers we face. The Jews are not angry with me because I lie about them, but because I tell the truth, which they can't afford for Christians to know. The Judeo-Christians are angry with me, because I prove from God's Word and history, that those they have elevated to the pedestal of God's Elect, can't possibly qualify as such. They are also upset, because I refuse to compromise and go along with the "status quo" that wants to turn humanity into one big "chocolate blob" that can be more easily controlled by the World Zionists.

The Ministerial Alliances of America are the source of most criticism of truth when it regards the Jews. I had this happen in Canada a few years ago, when it was the Ministerial Alliances, who threatened motels where we held our services, and tried to force them into breaking contracts. At one meeting in British Columbia, four pastors from the State church were in attendance. During the question and answer period, one of them said: "We did everything possible to keep your hate group from speaking in our city." I had spoken that night on the subject: THE BIBLE HAS THE ANSWER TO CANADA'S PROBLEMS. I asked him: "What disagreement did you have with my

message?" and he replied: "None whatsoever. I believe the same as you do except for your stand on the Jews." When I asked him why Christians would become so upset that they would deliberately lie about our meetings, he became highly agitated and shouted: "We resist you because you are speaking for the Canadian League of Rights, and they refuse to accept the Jews as God's Chosen, and say that miscegenation is a sin, when Billy Graham says it's okay." The "cat was out of the bag!" They really had no Christian reason for their actions against us.

These hypocrites are more afraid of Gospel TRUTH BEARERS, than they are of the enemy who have openly said they will destroy everything Christians say they believe in! I cannot understand this kind of warped thinking.

Who are you going to believe, your pastor who may have been trained in a Jew contaminated seminary, who says they are His Chosen, or your Savior who in John 10:26, told their leaders; "But ye believe (Me) not; because ye are NOT OF MY SHEEP!" (emphasis mine). Or Matt. 23:15, where He told them that they go over sea and land to make converts, only to turn them into 'two-fold more children of hell than yourself"'. That hardly sounds like Chosen People material to me, no matter how Jack Van Impe likes to twist Scripture around to suit himself.

Let me make this clear. The purpose of this message is not to attack your local education system. There are still a few good one's in existence and if you are fortunate enough to have one, Thank God!

I will be speaking about a national trend in education which is being promoted by the National Education System; SIECUS (Sex Information and Education Council United States); and the National Parent Teacher's Assn. It is for the purpose of forewarning you of dangers your child faces, "so you can be "fore-armed!" If you know the truth, it is very possible you can ward off incidents such as what happened at Jonesboro, Arkansas.

I will not go into a lengthy discussion on Sex Education; Sensitivity Training; the New Morality; Situation Ethics; filthy language, and anti-Christian, anti-American rhetoric that can be found in the school books of America. Although I will give some examples.

Some of you who wish to avoid controversy may say: "Why bring up this controversial issue at all. It will just cause waves in the Community pond?" The answer should be obvious to any concerned parent, whether they are Christian or not.

Unless concerned Americans take immediate steps to uphold the integrity, honor and stability of the American family, this country will lose the foundation on which it was originally built, and with this it's FREEDOM! Make no mistake about it, there is an "all out effort," call it a conspiracy" if you wish, to destroy the family and the nation. This has been one of the major points in the enemies "blueprint"for conquest for Centuries.

Most of the top educators in America, and by this I refer to those who are the ositions of power and authority in the educational field, are connected with the National Educational Association. Their universal aim is to promote the goals of their anti-G[1]od, humanist idol, John Dewey.

This can easily be checked out, as they repeat it constantly. In the HUMANIST MANIFESTO II, published in the HUMANIST MAGAZINE in the Sept. - Oct.1973 issue, Point One says: "We believe that traditional religion that places God above human needs and experiences, does a disservice to the human species. Any account of nature must pass the tests of scientific evidence."

"In our judgement, the dogmas and myths of traditional religions (meaning Christianity of course) do not do so. We find insufficient evidence for beliefs in the existence of the supernatural. . . we begin with humans, not with God."

This echoes the thinking of the German Jewish philosopher Ludwig Feurach, who over 150 years ago wrote: "Man will finally be truly free, when he realizes there is no god of man, but man himself." This idea took such deep root in the diseased brain of a young Jewish radical named Karl

Mordecai Marx, that it became the bedrock of his Communist Manifesto, which resulted in the deaths of millions of people worldwide, with special emphasis on slaughtering Christians.

The Humanists begin by violating one of their basic premises. One of their major educational tools is the teaching of the Evolutionary Theory as proven scientific fact. But this "theory," in spite of the efforts of prestigious organizations such as the National Geographic Society, do not meet the scientific criteria. Even atheist scientists admit, that science is increasingly proving that it is pure "double-talk" to believe as fact, a theory based on the blind action of natural forces, acting over millions or billions of years.

A few years ago, a prestigious scientist, Dr. James Moore from Michigan State University, delivering the keynote speech to the American Society of Scientists, said: "To teach evolution as fact in a public school, is the teaching of a criminal mind." So we find that the major hypothesis of Humanism does not meet their own criteria.

What Humanism boils down to is "People Control." By their own admission, they do not believe we common folks, who do not have a string of degrees behind our name, are intelligent enough to know what is good for us or our families.

An oft stated goal of Sex Education for instance, is to "eliminate harmful myths and mental hangups that according to humanist terminology 'foster intolerable attitudes of religion and puritanical culture.'"

The International Congress of Mental Health, sponsored by the United Nations, in it's initial meeting in London, said: "People who vocally uphold their Constitution are emotionally dangerous "right Wingers." Every child coming to school at the age of five, is insane, because he comes to school with certain allegiances towards his Founding Fathers, towards his elected officials, towards his parents, towards belief in the supernatural, and so forth. It is up to you teachers, to make these sick children well, by creating the International children of tomorrow."

Carefully notice the word INTERNATIONAL. It is the "key" to what we are discussing. A few years ago, while lecturing in a high school in Texas, I came across a First Grade Teacher's Handbook, written by a radical leftist Jew named Paul Brandwein. In it's introduction it said; "The most important task you have as a teacher, is to tear down the erroneous ideas implanted in the child's mind in his home and church. Once you have done this, then you can lay the foundation of education we desire for the International child."

If our educators look on our children as insane because they have been taught the difference between "right and wrong," then we need a different definition of insanity. To the Humanist, this represents anyone who disagrees with their obnoxious, sick philosophy, the Humanist Manifesto, and Progressive Education, as they love to call it.

The philosophy of Humanism is simple. It means that everything in life is "relative - depending on something else in order to function. You are not to blame for your actions, for they are caused by blind forces beyond your control." The two boys who gunned down their teacher, and schoolmates in Jonesboro, were not bad boys, they were driven to commit their evil deed by some outside influence, possibly their environment. Possibly by the actions of their classmates. But no matter what, they are not accountable for their actions.

There was a time in world history, when the entire world was in a crisis and the Bible says: "Every man did that which was right in his own eyes. In Gen. 6:5 we read that "God saw that the wickedness of man was great in the earth, and that every imagination of the thoughts of his heart was only evil continually." Things got so bad that God stepped in with the flood and destroyed most of His creation.

The Satanic teaching of Humanism, abandons 2,000 years of Western civilization and launches an all-out attack against everything we as Christians have been taught is good and sacred.

If you want to understand Humanism, look at everything that opposes Christianity and you will find

it staring in your face. Yet today, this heathen religion is being taught in our schools, and unfortunately in many of our Christian churches, while parents who go by the name of Christian are so apathetic, they don't even seem to care that their children and their families are being deliberately destroyed.

It might be good to consider here why we never hear about children from Christian schools, or "home taught children," murdering their parents or their siblings? We know the liberal media would "froth" at the mouth over the opportunity to glorify such acts." Children in Christian schools and "home schooled children," are still taught love for God, parents and country, and are still taught that it is good to be a Patriot." This is not the "breeding ground" for savagery and murder that we find in the public school system. I have never known of a Christian School, and by Christian I mean one that is Christian in more than mere name, that has had trouble with it's students over extortion, rape, and robbery. But I have been in public schools, where the teachers were afraid to use the restrooms when students were present, and where the smell of marijuana hung heavy in the air. In one such school in the East, a young woman High School Sex Ed teacher, was "gang raped" by over twenty boys in the Senior class. They told the judge at their trial, "For over a year now, she has told us how much fun sex can be, and how to get the most out of it, so we decided to find out for ourselves."

The well-known liberal syndicated columnist Sidney Harris wrote: "The biggest con artists in America today are the behavioral scientists in our schools. These men, on our university campuses, who are devising all these innovative programs for our schools. They honestly believe they know what is ideal behavior for the rest of us."

The HUMANIST MANIFESTO states: - "Ethics is autonomous and situational, it needs no theological or ideological sanctions. Ethics stems from human interests and needs. To deny this, disturbs the entire basis of life. We must strive for the good life." Therefore: "If it makes you feel good; do it!" Don't be held back by some antiquated idea of what might be "right" or "wrong."

This is the PLAYBOY PHILOSOPHY of "You only go around once in life, so live with gusto; for tomorrow you die and that's the end of it! God called a man Who felt this way, a "fool!"

In Luke 12:20, He tells the story of a man who thought he had everything he' needed to live a happy life. He had taken his retirement, under the Playboy philosophy of "take thine ease, eat, drink, and be merry". God said to Him: "Thou fool, this night thy soul shall be required of thee; then whose shall all these things be which thou hast provided?" In another place He asked: "What will a man give in exchange for his soul?"

You don't have to be a mental genius, to see where this sort of humanist thinking has led us. A great historian once said; "History proves you cannot have sexual freedom without destroying yourself. Either you choose sexual discipline, or sexual freedom (free love) and destruction."

The pathway of history is strewn with the dry bones of dead civilizations and empires, which have rotted out from within, long before the barbarians poured over their walls, or battered down their gates.

From the end of the Roman Empire to the beginning of the Renaissance, there was a period of 1,000 years known as the Dark Ages. During this period, every institution of man was in regression, including the Christian Church. The question we MUST ask ourselves today is this: "Are we about to enter a new Dark Ages as the 21st Century begins?"

Over 100 years ago, British historian Thomas Lord MacCauley made this dire prediction for America: "Your civilization will be destroyed in the 20th Century, as Rome was in the Fifth. But the Huns and Vandals which destroy you, will come from within, from your own institutions."

Those of us who are honest observers of contemporary history have seen this take place and the rioting and destruction that took place on our college campuses during the Vietnam War, was carried on under the guise of "academic freedom." I was working the college circuit at this time as a lecturer for the John Birch Society, and came into at least 25 often violent confrontations with folks

such as the STUDENTS FOR A DEMOCRATIC SOCIETY (SDS) always, 100% of the time under the leadership of young Jews, such as Abbie Hoffman and Jerry Rubin. Most of these young Jews were from wealthy families, and their fathers were lawyers.

They were the results of a liberal school system, and a deliberate attempt to "destroy White Christian civilization," or so they said.

We have seen the moral subversion of our youth, as it has dropped to the animal level of African savagery, aided by the jungle beat of "rock music," so loved by our White youth, but which is the very essence of Satanism. Even "religious rock," used in some churches to entice youth, is in this Satanic category.

Today we see little children in the lower grades, who have been so adversely effected that they can kill their parents, teachers, and classmates without shedding a tear and with no sign of remorse. Folks, something is drastically wrong!

Could it be that this disintegration of morals has gone hand in hand with the disintegration of our churches? Once great churches which were "light houses" in the community, have become "Religious Country Clubs", where men and women belong because of the respectability it gives them. Some have degenerated so far, with their "religious rock" and "flashing psychedelic lights," that they would comfortably fit into any whore house district in town. In many of these you do not even need to be "saved" to be a member, and they welcome homosexual couples, and very possibly even gay pastors, which we know is contrary to God's Word.

Today our youth are being taught in their schools, and sometimes in their churches, that the most important thing in life is "doing their own thing. Expressing themselves!" We know that the Bible tells us that "self-expression, without God," always ends in disaster! Yet our children are being "brainwashed" with the idea that "personal freedom," the right to "do what they want to do," is the most important thing in life.

In their search for freedom, an eminent educator Dr. Robert Fitch has said: ". . .they are losing control of their own lives. They are losing what they say they want the most, personal freedom." No man or woman is more of a slave than those who become slaves to their own wicked desires.

When a man or woman, boy or girl become a slave to self, they are more of a slave than someone incarcerated behind stone walls and iron bars.

I can think of one outstanding example of this. While lecturing at Ohio State University, Columbus, Ohio in the early seventies, I was discussing sex education with a large group of collage students. During the Question and Answer Period, a striking blonde Co-Ed asked: "If we can't have contraceptives and abortion, how will we control the population explosion?" I replied: "Have you ever heard of something called self-control?" From her reactions and that of the audience you would have though I had slapped her face. Here was a group of several hundred young Americans about to step into life, and who did not know that they had control over their own life. They had been taught that they were the "prisoners of their environment, and other factors they could not control."

Later I found that this young woman, who was so in favor of abortion, was head of a Collegiate Committee to Save Baby Seals in Newfoundland. Any intelligent person should see the utter hypocrisy in this kindasonthinking. Yet it is standard among college youth.

Humanist ideology teaches these youth, that they have no control over their lives. No wonder they often run amok.

What I will attempt to do in this message is analyze this loss of freedom and pinpoint areas which are a definite threat to you and your family. I will show you some warning signs beside the "road of life" which shout DANGER: DETOUR! BRIDGE OUT! You have the option of believing the signs, or blundering ahead to destruction. It's as simple as that!

The Bible tells us in Proverbs 12:15 - "The way of the fool is right in his own sight; but he that

hearkeneth unto counsel is wise."

The recruiters for "revolution," and there are many of them, are seeking to enslave American youth on the basis of "self-indulgence." They are promising freedom, while leading them to destruction. "Freedom does not necessarily give a man or woman the right to do what they want. It gives them the right to do what is right!" Right can only be determined by the Creator, and that is why we have a book such as the Holy Bible as a guidebook for life.

When men and women do what they want, you have anarchy. Proverbs 14:12 says: "There is a way that seemeth right unto man, but the end thereof is the way of death."

Civilizations cannot exist without rules to live by. In fact they cannot happily exist outside the rules laid down by their Creator. We call them The Ten Commandments. Humanism seeks to destroy all such restraint.

In Point Five, of the HUMANIST MANIFESTO we see a clear call for "maximum individual autonomy." This means with no control by others, no restraint. Boiled down to laymen terms it means: "Anything goes that makes you feel good!"

In Point Seven they say: "Alienating forces should be eradicated or modified." In other words, Christianity MUST go, because it opposes us! This is the policy we have seen in action in all countries which have come under Zionist Communist control. Christianity has always suffered first and most. In some of these countries, you can play church, as long as you do it by their rules. We are beginning to see this in action in America, where the IRS 301(c) 3, tax exempt policies, places restrictions on what can and cannot be discussed from the pulpit and still retain bureaucratic blessing.

Parents, what do you really want for your children?

Mothers can you visualize that little boy who crawls cooing around the room, is it possible for you to visualize him as a dirty, smelly, long-haired, hippie type, high on drugs, with the sex life of an animal? These typos have been seen having open sex, in broad daylight on some college campuses. Supposing this were your son? They have been seduced into believing this is the "smart thing" to do!"

Can you look at your baby girl, as she comes fresh from her bath, sparkling like a rose in the morning dew, and visualize her as stringy-haired, obscenity spouting female in lumpy pants, having sex with any male animal that happens to be handy? This is what modern education is accomplishing. Those two boys who gunned down their teacher and classmates in Jonesboro, just didn't happen by accident.

They did not become monsters through some strange process of evolution. It was planned somewhere, by evil men, who wanted to spiritually destroy them. I sincerely doubt that these two boys were specifically picked to perform this evil deed, it could have been yours.

Referring again to the Communist textbook PSYCHOPOLITICS, page 43, we read: "The educational programs of Psychopoliticians, on every hand, seek out levels of youth who will become leaders in the future, and educate them into the animalistic nature of man. This must be made fashionable. They MUST be taught to frown upon ideas, upon individual endeavor. They must be taught above all things, that the salvation of Man is to a found only by his adjusting thoroughly to his environment."

At the end of the Korean War, our highest ranking POW, Maj. Gen. William Dean, a fine Christian who had withstood terrible torture and pressure in the North Korean prisons, and still maintained his Christian integrity, crossed the border at Pan'Mun'Jon. He was accompanied by a Chinese Lt. Col. who was the head Interrogator for the Communists, a Ph.D. graduate of UCLA. When they parted, the Chinese told Gen. Dean: "Don't feel downhearted about leaving us General, we will soon take over your country and you will be with us again." When Dean asked him how they would do it,

he said: "We will morally destroy one generation of your youth, and you will have no one willing to defend you!" This is the enemy speaking from a different angle, but for the same purpose. Their main emphasis is against American youth. This is why they are so very important. We either reach the high school and college group with the TRUTH, or we might save some time by having the funeral service for Christian America now!

As we look at the peculiar problems that are facing our youth, remember we are looking at a generation where respect for parents, for authority, for decency - where love for Country and God, has been deliberately destroyed wherever possible.

I will then show you it's end product. A generation of American youth which has been deliberately oriented to be confused, skeptical, aimless, suicidal, often savage, and plain unhappy.

The Humanist taught child rejects his Christian heritage, his parents, his church and the Christian ethic, which by the way is not found in Judeo-Christianity. He rejects the very things which made America great.

A letter received from a Manhattan mother, sums up what many American parents rightly feel about their public school system.

"Dear Friend: I've about given up! Several years ago, I sent a happy, well-adjusted son off to his first grade in public school. Today, because of his exposure to so-called Humanist values, the same boy is downright unhappy. I am ashamed to say so, but there are nights when I hate to spend the evening with him. He questions everything I say!

I don't know about the rest of you parents, but I've heard and read a lot of similar pathetic complaints from public school parents the past few years.

The gist of these complaints is that both the teacher and the textbooks are encouraging our children to belittle and disown the principles instilled in their homes and churches. They are being taught to go their own way at an age when some of them must still be helped to cross the street.

It's not to be supposed that the educational establishment has ignored this parental outrage. 'No siree, Bob!' The NEA has published a 28 page book, instructing teachers and administrators how to handle dissident parents and groups, which the NEA calls 'Far Right extremists.'

"Don't kid yourself! These tactics are effective! Every ultra-liberal outfit in America seeks to work it's will on the American people with scare pronouncements against the 'Far Right,' and the 'Religious Right.' Hearing these shrill cries one wonders why no concern is voiced by them over what the Communist 'Far Left' has done in this country and around the world.

The dissident parents around the country have been dismissed by the educational experts, as either religious funnymentalists,' meaning they accept and believe the Bible, or 'ignorant red neck hillbilly kooks!'

People are constantly being warned by the controlled media, that those who object to pornographic textbooks, must be put down before they impose a 'dictatorship of the unlettered' on the rest of us!

I was not at all surprised to discover that one of the school textbooks, used in the Charleston, West Virginia Public Schools required studies to: 'Recount some incidents you have seen happen in your home, which illustrates how parents have influenced children's lives which led to misunderstanding that ended in family tragedy!

At the risk of over-simplifying, I would suggest that such a textbook must bring smiles to the faces of our enemies. They become dictators by first destroying the families of the people. Hitler did it, as did Stalin. This indicates to me, that 'extremists' no matter whether 'right,' 'left' are dangerous.

Thanks to our Constitution, Americans have more rights than any other people. One of these rights is the right to teach our children the truth! But political organizations such as the NEA have repealed the right of parents - their right to have a voice in what is being taught in their school

system, which is supported by their tax dollars. Talk about a dictatorship! It's time for parents to stand up and be heard, and see that a drastic housecleaning takes place in our public school system."

Public Schools will continue to "churn out" Humanist youth, until such time as informed and concerned parents, and yes, decent teachers, can be made to understand the danger that is taking place.

Parents must somehow or other be motivated to seek their inherent prerogative of having religious and moral rights restored to our school systems. Can any of you who were parents of school age children during WWII, recall any school massacres? They have become a recent phenomenon, and guns were more readily available then, than now.

We are just beginning to see the first stages of a "great awakening" as Americans are becoming "fed up" with the permissive children of Dr. Spock. As one disgusted parent said: "If you want to get any good out of Spock's books, use them to spank your children when they misbehave!"

Now be careful that you don't twist what I'm saying. Leave that up to the Jews and the liberals. They are good at it! Do not make me out to be "anti-education" for such is not the case. But I do realize that America is being destroyed, not from "lack of education," as the NEA says, but from "lack of knowledge" (Hosea 4:6). There is a great deal of difference between "education" and "knowledge." Many dedicated,' honest, Christian school teachers have been "weeded out" of the education system, by the liberals, because they are trying to impart "knowledge" to their students, rather than the "mental brainwashing solution" of modern education. You may ask what this is. Someone has labeled it truthfully as "an ounce of fact, dissolved in a gallon of hogwash!"

Unfortunately, we better be willing to see and admit that the vast majority of our young teachers, the one's graduating from State run schools in particular, have been "brainwashed" by this Liberal detergent.

The education in the schools, is much like some teaching in the church, which has become what I term "rat poison religion."

Just as 97% of rat poison is cornmeal, and 3% arsenic, so we find 97% truth, and 3% falsehood in many churches. It is the 3% that does the "dirty work."

As a result of this teacher education, many of these young teachers are "starry-eyed socialists." President Clinton is a perfect example. A man whom ran away from his country to avoid the draft, became a partaker in anti-American demonstrations, overseas, then became a Rhodes Scholar, the epitome of Socialism, with an ingrained hatred of patriotism and a burning desire for One World Government. This is so evident, that he is willing to commit TREASON to make it succeed! If "sincerity is a thing to be applauded, even when you are wrong, then give Bill and Hillary credit for being sincere about socialism."

But this kind of education always results in little er no determination when it comes to morality. There is no stability for they are "double-minded" and the Apostle James reminds us in James 1:8 -"A double-minded man is unstable in all his ways!"

America cannot afford the luxury of catering to crime. Ask yourself why our government will make an "all-out" effort to weed out those they perceive as rebels, such as the Branch Davidians at Waco, who were bothering no one. Yet they refuse to tackle the savage, drug related gangs which roam and control the inner cities of America. In fact, there is much evidence that our government subsidizes these gangs.

Why does our Congress allow the President to send our Armed Forces overseas to protect foreign interests, when they have no business being there, and when they can't or are not allowed to protect our borders at home? Why has he allowed a half-million foreign troops, with their heavy equipment to train and remain on American soil. Does he intend to use them against our people if we rise up against his excesses?

We cannot afford unlimited free education for everyone, where there is no responsibility shown on the part of those being educated. What has happened to our "gutless" Congress, that will allow the President to run the country without restraint?

Many of these young teachers teach the observable falsehood that Secular Humanism is the "trend of the future." That it will lead us to an era of sweetness and light, when in the past, it has always led to slavery! The very nature of the Humanist beast, makes it anti-God, anti-gbook

The most liberal, progressive government in the world, using the "time honored" meaning of the word, can be found in our Constitutional Republic, a "government, of, by and for the people." This is not a Democracy, as we have been led to believe by the media and the bureaucracy, but a REPUBLIC!

This Constitutional Republic was set up by our Founding Fathers, and is what the liberals are now so desperately trying to destroy. It is a government of free people, under the direction of Almighty God, determining the basis of their government for the good of all citizens.

The Education System of America has sought to paint a gloomy picture of our American Form of Government and today, all over the world, America that a few years ago was looked up to as the world Savior, is now looked on as the "Great Satan," the "world bully."

I can remember thirty years ago when if you were an American you could travel safely in most any part of the world, even in those areas where they considered us to be an enemy. Today, Americans are spit on and blasphemed, and sometimes killed in countries we have aided the most.

In a book titled GOOD THINGS ABOUT THE UNITED STATES TODAY, the U.S. News and World Report, a Jewish owned, Jewish controlled magazine was honest enough to admit: "The cumulative effect of these (bad) reports, picture the U.S. as a repressive country unfit for human habitation . . Yet foreigners continue to arrive from the four corners of the earth . . . from Russia and Eastern Europe, when they can escape the grip of Communism . . . from the undeveloped countries of Africa, the middle East and Asia, overwhelmed by poverty and disease; from Latin America where military regimes, and economic adversity have installed themselves. They come from the advanced countries as well . . . some of the' best minds of Europe come, because the grass is greener here." If a Socialist leaning magazine such as this can see and admit the truth, why does our Education System, and many in the church, refuse to see it? There can be only one answer. They are part of the plot to destroy free America!

The smoke of unrest and discontent, which has been deliberately stirred up, has blinded the eyes of many of our people to the fact that what you see on TV, and read in the newspapers, is not necessarily true. This brings to mind the statement by an old hillbilly who said "It ain't so much from not knowin' that causes the trouble; as it is from knowin' so much that ain't so!"

There must still be something right about America, to merit the attention of endless queues of people who wait outside most American Consulate Embassies, world wide, hoping they can get permission to migrate here.

Yet you will find most high schools and Colleges, who shy away from having a knowledgeable speaker who will discuss the good points offered by our form of government. I know, for I have been turned down as a speaker, by those who paid radicals such as Angela Davis, and Eldridge Cleaver, in the thousands to speak and denigrate our country. I have also been heckled and shouted down by these same radicals, who are so impressed with what they call "freedom of speech," and socialism. I recall one instance at the University of Wisconsin, where I was discussing the United Nations. I mentioned in passing, that most of the Black countries in Africa, had been better off under White colonialism, in every area, than they were under Black dictators. This drew a storm of abuse from the Black students, only one of who had ever been to Africa. (I spent five years in Ethiopia, 1958-1963 and traveled extensively."

I recognized a Black student who had been frantically waving her arms for attention. "We have a student here" she said "who can answer your lies. He is from Africa." I let pass the snide remarks about my lies and recognized a young Black, who in broken English began a tirade against Whites, and America in particular. I mentioned that I had spoken with Black leaders in Angola, who did not want to come out from under Portugese control, for they knew the bloodshed that would follow under black leadership. He began to scream at me: "Maybe that was then, but now they want UHURU," (which in a Swahili word in the universal language of South Africa), meaning "freedom!" I asked where he was from, and he replied: "West Sierre Leone," which is a little country on the Gold Coast of West Africa, about 1,000 miles from Angola. He admitted that he had never been to Angola and knew no Angolese. When I asked him how he could be so sure of what the Angolese people wanted he screamed. "I read the newspapers and watch TV." As an aside to the audience I said: "That's sort of like a man from Florida, who has never been to Alaska, and knew no one from there, setting himself up as an expert on the basis of watching TV and reading the newspaper."

I told this young fellow, "If America is as bad as you say it is, what are you doing here?" He looked sort of surprised and said:

"I came to get the best education possible." I asked him "Do you mean to tell me, that a country as bad as you say America is to Black people, would let a foreigner like you come and study here. It must cost you a fortune." He replied: "No, the Lutheran Church is paying my bills!" I really laid it on him then and expressed contempt for anyone who came to American, "sucked up on the benefits," then had the "gall" to criticize us. Some of the students booed and said: "You should treat him with respect, he's our guest." I reminded them how when I was growing up, if you visited someone's home, you treated them with respect, even if you didn't like what they did, or the food they served. I said: "This ingrate deserves nothing but your contempt!" Yet this is the attitude which has been fostered in our college youth by the Humanists.

During my lecture days I spoke at a large high school in Atlantic City, NJ. I was asked to speak on a Panel Discussion conducted by the Social Studies Class, a Student Panel, and a panel of five experts, of which I was the only conservative. The Moderator, was the very vociferous, liberal Social Studies teacher, who was quite hostile to me and often interrupted while I was making a point. I was pleasantly surprised to receive some support from an intelligent Black student on the Student Panel. I had just mentioned the fact that the 2nd Amendment was not included in the Bill of Rights to protect hunting rights, or even give us protection against a criminal element. Our Founding Fathers, being statesmen, knew that often government when it became too big, tried to take away the rights of it's citizens. The 2nd Amendment was a safeguard against this. As I finished my remark, this Black student turned to the Social Studies teacher and asked: "How come you never told us about this?" It was quite evident that these young people had been fed only what the Humanist teachers wanted them to know.

During the Vietnam War years, I worked the college circuit as a speaker on the American Opinion Speaker's Bureau of the John Birch Society, and came into more than 25 sometimes violent confrontations with radicals from the S.D.S. (Students for a Democratic Society), and other radical groups. These were 100% of the time led by young Jews like Abbie Hoffman and Jerry Rubin, and their fathers were always lawyers. Their favorite speakers were radical socialists such as Angela Davis and Eldridge Cleaver, whose specialty, according to his own testimony was raping White women. Very educational!

There were as few instances where patriotic students took my side. At Texas A & M, when loud mouthed dissidents tried to break up the meeting, Patriot students, bodily threw them out of the auditorium. Of course these incidents were never reported by the media, although they were hot to cover any incidents where the radicals caused trouble. I remember one incident in the West, I believe it was at UCLA, where a popular member of the football team, stood at the base of the flagpole and dared socialist students to take down his flag and burn it. It received one short shot on

TV and little more in the newspapers. When Martin Luther King Jr., was murdered, there was much trouble in the South. But in many small cities along the Gulf Coast, when bands of Northern Blacks and their White Communist mentors came to make trouble, local Blacks loaded them on their busses and said: "We don't want you and your kind in our area." This was seldom reported, and is how the Humanists keep our people in the dark about what's happening.

There were times when I spoke in schools where conservative speakers had been shouted down and run out of the auditorium. I would begin by saying: "Many of you aren't going to agree with what I say. But I have a message you need to hear, which your teachers are afraid to convey to you. Give me 45 minutes to tell you want I believe, and I will willingly submit to 15 minutes of harassment if you think I deserve it. I believe you are intelligent enough to sort out truth from the GARBAGE you have been receiving." Even at Berkeley, the "death row" for conservative speakers, they gave me respectful attention. I have had many occasions when dissidents got noisy, that other students would shout: "Let him talk. We want to hear what he has to say. We are tired of adults who are afraid to tell us the truth!"

I believe our young people are tired of being lied to by my generation and want to "Hear it like it is!"

The repression in Socialism-Communism-Zionism, which all come from the same Satanic source, which has never represented the people. It has always been the rule of the elite, privileged few; the elite Commissars. The Jewish Talmud, which according to Jewish religious leaders is the heart's blood of Judaism," expresses this thought very clearly when it states: 'When our Messiah comes, every Jew will have 2,000 goyim (Yiddish for "non-Jew animal") slaves".

The social benefits given by this totalitarian system have always come at the terrible cost of lost Freedom. Freedom to move at your own will; Freedom to criticize; Freedom to worship God; Freedom to work at the job of your choice. It is either plain stupidity on the part of our American people, or ignorance by design, that has caused Americans to shut their eyes to this truth.

The next time you see someone who tells you there is nothing wrong with Socialism or Communism, whether it is a student, or a "brainwashed" minister of the Gospel, you can be absolutely sure of one of two things. They are either "missing some intellectual marbles," or they have been "brainwashed into accepting a Satanic lie."

If the people in America who are trying to destroy our way of life, honestly believe they have a better system, let them feel free to go where it is practiced and find out for themselves. I'm sure the TRAITORS in education, politics and the church should not be allowed to remain here and make a living from the system they profess to hate.

I can think of no form of "lower life" than a minister of the gospel, or a teacher, who uses the freedom of our system in an attempt to destroy it. These are our bitterest enemies.

The liberal professor, the politician, the minister who backs a One World Anti-Christ government, will not hesitate to use every underhanded method possible to discredit and destroy any American who has the courage to expose and oppose them.

The Communist Manifesto, the Protocols of the Elders of Zion, the Communist textbook on Psychopolitics, and many other enemy organs, calls for the abolition of the Christian family. This in itself should prove they are our enemies. What better place for them to start than with your children in the school system?

Yet in spite of this obvious move against our Christian standards, we see many good Christian parents across our land who wring their hands in frustration when they see the end result of American Secular Education. These are folks who fly their flags on National holidays; they are often the pillar of the local church and community. Yet very few of them will take time off from their bridge tournaments, or golf games, to teach their children some healthy respect for America and what it really stands for.

While we are told on TV, in many books, and certainly in the controlled newspapers, that our present generation is more mature, more earnest, more committed than ever before, we can see the falsehood of these statements by looking at the end product.

Certainly they are the best and most expensively educated generation in history. In my father's time, a boy was fortunate if he could go to High School. He was a farm boy who went to a one room country school, walking four miles, just as I did, after doing the necessary farm chores. He graduated "sum cum laude" from the eighth grade four times, and was one of the most knowledgeable men I have ever known. Standing "head and shoulders" over many college professors I met later on in life.

The question: "Is an expensive education the criteria for a good education?" and the answer is a resounding, "NO!" We are of that generation that seems to feel we can answer any problem, by "throwing money at it!" This idea is also enemy planned!

Our youngsters today know more about electronic marvels than their parents did at the same age. I sometimes have problems with my word processor, yet I have seen eight-year-olds, who for all intents and purposes have mastered the computer. Yet these same "brilliant children" know next to nothing about our Constitutional form of government or spiritual faith and are often rebellious, discourteous "brats!"

A dedicated teacher, in a one-room school, will often turn out a better end product, that a "brainwashed" graduate from our best teacher's college, using the finest, most expensive modern equipment.

Our colleges turn out graduates like "Carter's Little Liver Pills." Many are misfits who can't survive in the harsh reality of every day living. Many graduate because of our penchant for "catering to racial minorities."

The ignorance of our college youth when it comes to subjects of real importance is appalling. This is especially true in the fields of morality and spirituality! If you do not believe this, try and carry on an intelligent conversation with most any college group who spout Humanist and Socialist cliches. I have found that these students, who can spout anti-American sentiments forwards and backwards, can often not spell simple words, or do simple arithmetic. If you don't believe this, arrange to be in some super-market when the electricity goes off and the electronic marvels which add and subtract for the clerk ceases to work. I have had them struggle to add simple figures, which I worked out in my head, because I was taught that way.

Many of these college graduates have been so appallingly "brainwashed" by their socialist teachers that they understand very little of spiritual and moral value. Their philosophy is wrapped up in the statement: "Don't confuse us with the facts; we have already made up our mind!

Who is to blame? It would be unfair to pile this blame on our children. They have my deepest sympathy!

The problems with modern children is not so much one of "juvenile delinquency" as it is of "adult delinquency!" Many American parents never teach their children the basics of decency and then wonder why they grow up to be "slobs." We have a terrible need in America today for parents who are responsible FOR their children, rather than TO them!

The records of public schools clearly show that *e have raised a generation of moral and spiritual robots, whose thinking is often done for them by some Humanist teacher or textbook. Instead of Education in the closing out days of this Age, we see a phenom called "freedom of expression," which is not actually freedom, as much as it is "license to destroy."

When callous, cursing, disgusting mobs of young people gather in a babble of obscenity, to burn, and wreck things, and mouth threats about destroying the America, many of their fathers and grandfathers died to defend, then the words "responsible dissident becomes a mockery. Yet in our colleges, it is called "sophistic," a Greek word which means; "clever, plausible, but fallacious

argument or form of reasoning, whether or not it is intended to deceive."

The radicals in our education system consider themselves to be super-intellectuals, the "elite of the land." They believe themselves to be above the "common herd," who pay their salaries.

You can prove this by reading their magazines, such as the HUMANIST MAGAZINE and TODAY'S EDUCATION from the NEA

The Humanists in education have taken children who have become "guilt ridden" by their teaching, changing them from normal children to neurotic psychopaths. Dr. Medford Evans said: "Cliche liberals, including liberal pastors, are anxious to appear sophisticated, or even clever; but do not confuse the two, for in some educational circles, it is considered smart to be stupid!"

Traditional Christian oriented religion recognizes children as children, not as miniature adults. Yet progressive educators look on them as adults. The Bible tells us in 1 Corinthians 13:11-"When I was a child, I spoke as a child, I understood as a child, I thought as a child; but when I became a man, I put away childish things!" This is normal sequence.

Our enemy has jumped on the liberal education "bandwagon." In 1921, one of the leading Zionist/Communists in England, the Jew Israel Cohen wrote a book titled A RACIAL PROGRAM FOR THE 20TH CENTURY Portions of this book can be found quoted in the 1957, U.S., Congressional Record, page 8559: "We (Communist Jews), must realize that our most powerful weapon is racial tension. By pounding into the consciousness of the dark races that for centuries they have been oppressed by Whites, we can mold them to the program of the Communist Party." NOTICE CAREFULLY NOW! "In America, we will aim for a subtler victory. While inflaming the Black minority against the Whites, we will endeavor to INSTILL IN THE WHITES A GUILT COMPLEX, for their exploitation of the Negroes."

This of course flies in the face of known facts, for evidence from contemporary history proves that all the Black controlled Republics in Africa today, are far worse off in every respect, than when they were under White colonial control.

Children think differently than adults, any parent recognizes this. If this were not true, God would have made human children like baby rabbits, who can go out on the clover patch at an early age and survive. But you have never seen a child of six months, six years, and very few at sixteen, who are ready to face the perils of life and survive. This is where parents come in.

Anyone with the slightest degree of common sense knows that children need to learn and any student of human nature, recognizes the need to develop good character in children. They need to be taught the difference between "good" and "bad." Left to themselves they will normally gravitate towards evil, for that is the nature of unregenerated mankind. Learning to be decent citizens does not come naturally, it MUST be taught by word and example in the home.

Progressive education appealing to the animal nature of mankind says: "You are nothing but an animal, so act like one. Children don't need authority. Man is basically good. So let's be democratic and allow the little devils to make their own choice. They can do this without any outside influence." Many parents have believed this "hogwash" and we can see the disastrous results.

The HUMANIST MANIFESTO II, point 4 says: "Ethics is autonomous (having the right of self-determination), and situational, needing neither theological or ideological sanction. Ethics stems from human needs and interests. To deny this, is to deny the entire basis for life. We must strive for the good life, here and now!" This is the PLAYBOY PHILOSOPHY, which says: "You only go around once in life; so live with gusto!"

You can easily see the result of this teaching which is literally destroying the lives of tens of thousands of our youth, often turning them into uncaring, unfeeling brutes, who will murder their own parents without a second thought and brutalize their peers.

To turn children loose in the world without moral and spiritual guidance is as criminal as it would be for you to turn your three-year old loose in the kitchen, when you know that on the table, within easy reach, are apples, chocolate candy and potassium cyanide.

This teaching has raised a generation of American parents, who have often been fooled by the permissive teaching of the Spock theory. Spock always was a phony and made millions off it. At least he was man enough to admit he was in error. He knew no more about the proper way to raise children, then he did about the real meaning of Americanism, since he was Socialist in his thinking through and through.

I have spoken to thousands of high school and college youth, who universally say: "We want to know everything there is to know about sex!" Of course they do! This is natural! Children, like pigs, thrive on filth, unless they have a "regenerated" heart and the filth that is crammed down their throats in the public classroom and sometimes in church pushes them in a horrendous direction.

But because youth want something, doesn't mean it is good for them. Let's face a "fact of life," you can't turn an eight-year old into an "amateur gynecologist" without running into complications. They aren't ready in the pre-teens, and many times in their teens to handle what is normally taught in a college anatomy class. They particularly aren't ready for these facts, when they are taught in the filth of Humanism, complete with all the four letter words. This goes for Sex Ed teaching, and often the books they are assigned for reading in English classes.

While our boys and girls often graduate from high school deficient in things necessary to get along in a complicated world, they can still mouth the cliches of the "far left radicals," and spout the four letter words of filth taught by some pseudo-intellectual; those who "go thundering down through history, like an extra quart of water going over Niagara Faont>"

Isn't it amazing to you, that parents will spend as much as $20,000.00 a year for a college education for their children and have them come home at the end of the first semester hating God, their country, and despising their parents. This seems like a terrible bargain to me!

How do you answer a college girl, like one who approached me in an Ohio meeting. She had just come home from her first semester in a well known Liberal Arts School. She was on the verge of suicide. Through her tears she told me: "I'm a good example of our modern school system. I was brought up in a home that revered God. I was taught to pray and read my Bible. I loved America and my family. Then in high school they began to chip away at my faith. Now after a semester in college, I can't intellectually believe in God anymore, I know deep down inside my heart that He exists: I know He loves me, but I'll end in hell before I admit it!" How terribly sad!

I challenge you, American mothers and dads, Christian and non-Christian alike, who love your children. Find out what they are being taught. Get a copy of the teacher's handbook if possible, and see what they are told to teach your child. You have a right to see these books, so don't let any school official "brow-beat" you into not looking at them. You will find in most instances that your child is being taught that God is nothing but a myth. This is common fare for Secular Humanism. They will probably be taught that "Man came into existence through a "fortuitous concurrence of atoms." You may find they are taught that they are "graduate animals," superior to dogs and cats, but still animals with an animal nature, and that there is no such thing as a spiritual natural. That all that really matters in life is having material things, food and sex. For when you die, that is the end of it!

In the Communist textbook PSYCHOPOLITICS, page 42 it says: "The first thing to be degraded in any nation under conquest must be the state of Man himself. Nations with a high ethical tone are difficult to conquer. Their loyalties are hard to shake. What they call their spiritual integrity cannot be violated by duress (force) . . . Man must be degraded from a spiritual being to an animalistic reaction pattern. He must think of himself as an animal, capable only of animalistic reactions. He must no longer think of himself or his fellows as being capable of spiritual endurance or nobility."

Today's textbooks are for the most part written by atheistic, Humanist authors. Everywhere you turn in the education system, young minds are being violated by the "rot of evolution." They are told that since they evolved from animals, if they are placed in the proper environment, with the proper governmental help, one day they will overcome all their problems and live in Utopia. They will gain the promise made by the Tempter to Mother Eve in the Garden of Eden, Gen.3:5 - "For God doth know that in the day ye eat thereof, then your eyes shall be opened, and ye shall be as gods. .

Another area which should be checked in the "drivel," in textbooks downgrading "patriotism." There was a time, less than fifty years ago, when the title of "Patriotic American" was one of the highest accolades in the land. Today it is a term of contempt. Today being a patriot means you are a '~hate monger; an anti-Semite, a neo-Nazi, a Fascist; a Right Wing Extremist Terrorist." I am proud to consider myself a '~patriot."

You can see this drivel in the liberal efforts to downgrade such patriots as J. Edgar Hoover, and Senator Joseph McCarthy, while glorifying a known Communist, lying leacher like Martin Luther King, Jr.

On a trip to speak at a high school in Austin, Texas a number of years ago, while waiting for a teacher to escort me to the auditorium, I picked up a 10th grade book on American History. Being a Revolutionary War "buff," I naturally turned to that era and was surprised and shocked to read: "We have been led to believe that Paul Revere rode to warn the Colonists of the British attack. This is not true, for it has been proven that he was drunk in bed with a prostitute in Boston, the night this occurred.

If your school system uses the M:ACOS (MAN: A COURSE OF STUDY), textbooks, here is an example of what they teach. In the fifth grade, which is considered the "key" grade by educators everywhere, instead of studying the great world civilizations such as Greece, Rome, Assyria, Babylon and Egypt, they study a remote Eskimo tribe called the NESTNIKS. They choose this tribe because of it's unique "life style," which is diametrically opposed to everything we believe in America. They are cannibalistic; polygamous; coone al, and incestuous.

One story in particular caught my attention. It was a gory scene that described cannibalism in the most vivid terms. A wife tries to escape the unwanted attentions of her husband, and runs naked into a blizzard. He follows and catchea her,chopping her into pieces with his skinning knife, then takes the pieces home and later cooks and eats her. It is hard to believe some of the utter "trash" this course offers your children until you read it for yourself. There are almost 30 textbooks in this series, each worse than the other. It's no wonder children indoctrinated by this filth go insane and kill their parents,and massacre their schoolmates. We react with shock when they do these savage things and wonder what caused it to happen. Yet this is being "pawned off" on tax payers, as quality education."

Don't get me wrong! All teachers do not subscribe or promote this liberal filth. In fact, many are violently opposed to it. But many more, who are decent people, are afraid, for one reason or another to speak up about it. They know they will very possibly be ostracized by their peers, and very possibly lose their jobs.

Some are made of sterner stuff and are like a young couple I met from Kansas. They gave up their teaching positions in the public school, where he was Principal of the primary school, and she was a teacher and went into Christian education, where their combined salaries were less than the husband previously made in the public sector. He told me: "Our Christian conscience would not allow us to go along with the filth that was being taught in our public school system. We had to quit! We have fought this for five years and it's getting worse every year. My Christian witness and that of my wife, won't allow us to slay with this apostate movement." Thank God for men and women such as these. More power to them! This was the kind of courage that built America! They may be short on finances here, but are "building up treasures for themselves in heaven." The liberal Humanist may scoff at this now, but a day will come when he will know differently and it very well may be too

late then for him to change sides.

Many teachers are so naive, and have been so "brainwashed" in their liberal teacher's colleges, that they don't realize the terrible subversion and immorality they are teaching. This of course is no excuse and won't stand them for any good when they answer one day before the Supreme Judge, who was concerned enough with the welfare of children, He said: "But whoso shall offend (harm in any way) one of these little ones which believe in Me, it were better if a millstone had been hanged about his neck, and that he had been drowned in the depth of the sea . . ."(Matthew 18:6).

What can parents expect from a public school system, when the President of the school board writes a letter such as the following, written to a concerned mother who was upset with the sex education program in the Palo Alto, California school. He wrote:

Dear Mrs. . . I apologize for not answering your letter of October 14, but frankly, I could see little reason to do so. It is evident to me, that the ideological gap that exists between us - indeed between you and the modern world - is farscus great to be bridged by a mere exchange of letters.

"You look on man as being created in God's image, and believe his sex life should be guided by Christian principles. I on the other hand, believe man to be the most communicative and in some ways, the most intelligent of the many species of animal life on this particular planet, and one that needs to be rid of the neuroses that result from religious frustration of his natural desires. How could we ever agree?" Signed: M. Oliver, President, Palo Alto, CA, Board of Education

How could a Christian agree with this heathen? No way! How could any decent parent agree with him? How could you trust your precious children in the hands of a man who looks on them as animals, and treats them as animals? We MUST rid our school boards of men and women who think like this. For ii is false teachings such as he promotes, the teaching of a criminal mind, that destroys the moral and spiritual fiber our children need to get safely and happily through life. Does anyone of intelligence believe for a moment that this animalistic teaching is doing our children any good. No wonder they act like savage animals when they have been taught that this is their biological background. Take time some night, to watch a late night TV show, and see the animal savagery displayed on the faces, and through the actions of the "hard rock" musicians your children so love to listen to. Watch the reaction on their youthful audience. I doubt you would want your virgin daughter to be caught in their net. Then take time to listen to the filthy lyrics, which often deal with murder, rape and bloody beast like violence. All this ties together as part of the plot to destroy your children, your family, and your country.

When I was in Ethiopia in 1960,1 had the privilege of making a trip into the interior of Sudan. We were the first White men who had been allowed in this area in over twenty years. The natives were living as they did 5,000 years ago. They did not even know how to start a fire. One night a local chief invited us to a big celebration held in his village. The natives were gathered around a huge bonfire, drinking "pombe" a potent native beer made out of corn. The musicians were naked savages beating on hollow logs of different sizes. As they played a certain drum beat, the audience would sway back and forth as though in a hypnotic trance. Then the drum beat would quicken, and the warriors would leap screaming to their feet, rushing through the crowd stabbing all directions with their spears as though they intended to massacre everyone. Then the beat would change again, and with loud yells, the men would grab the women by the hair and drag them screaming into the jungle. I thought; "My God, how Satanic this all is!"

Two years later, after I returned to the States, I attended a Beatles concert in Miami, and listened as the drummer played the same drum beat I had heard in darkest Africa with the same effect. Lovely young girls, I'm sure many of them from fine families, literally fought screaming to get on the stage with the musicians. Some of the girls tore off their blouses and scratched themselves across their bare breasts until the blood flowed, while the musicians encouraged them. Then we wonder why, when they get angry, or get under tension, they act like animals. How many good Christian parents supply the money necessary to buy the expensive tickets for their children to get into these

"anterooms of hell," or how many shell out hard earned money for sound equipment and the VCR tapes, their children listen to by the hour, which are from the "pits of hell itself?" Don't blame the children, pity them!

Today in America, because of the Humanist teaching of both parents and children, we excuse murder, rape, knifings, beatings and extortion by saying: "Pity the poor criminal! He's sick! He isn't responsible for what he did! He was probably a victim of sexual abuse when he was a child, or maybe his mother loved him too much, or his parents were too strict. Society is to blame; blame his environment!" Then we send him off to a poorly supervised youth detention center, where instead of being rehabilitated, he comes out a worse criminal than when he went in. I know whereof I speak, for I have been running an extensive prison ministry for over fifteen years, that reaches men in 126 State and Federal prisons in 26 states. I can tell you truthfully, there is very little of rehabilitation taught in these prisons. In most of them drugs are brought in by prison personnel and rape, beatings, and murder are the "order of the day," in order to control men. They are treated like the animals the Humanists say they are and often responds like animals. It is only through the "grace of God," that a man goes back into civilian life as a better man, this is another by-product of the Humanist system! When it comes time for parole, the Humanist Parole Boards have a tendency to turn the White Christians down, and turn the dangerous ones loose.

The liberal may say that this is a isolated example, but it is not. It is standard operating procedure throughout our nations penal system. Some of the men they parole, have been in and out of prison a number of times, usually becoming more violent each time. If we had time, I could go into the economic reason for some of this. The prison industry has become one of the major businesses in America. Why shouldn't it be successful, when it is putting out products in competition with American businesses, using "slave labor" that pays $0.25 or less per hour, and often nothing at all?

It is interesting that in the midst of the "school terrorism," of the 1998's, you can point to no incident in a Christian school, or among "home schooled" children, which indicates anyone murdering their parents or their peers.

It is a proven fact, not open to argument, that the worst trouble makers in society come from permissive homes, not necessarily those on the other side of the tracks!"

Some will remark about the fact that all these school massacres have been committed by White children, who according to the liberals, are the privileged ones. Could this be because violence among Blacks is seldom reported by the media? When a Black commits a crime against a White, media usually label it as being caused by repression or under-privilege. If a White commits the same crime against a Black, nine times out of ten it is labeled as a "hate crime" or "racially motivated!" This type of labeling puts a big burden on the media, who are not known for their honesty.

Progressive education, praised by the shallow thinkers in liberal education tells your children that they don't need discipline? In fact, that it is immoral! They say it stifles personal creativity and self expression. Yet a little honest research in history, shows this to be an outright lie! There has never been a great artist; a great musician; a great poet; sculptor; or writer, who did not realize the necessity of self-discipline!

This "new thinking" is responsible for the rash of trashy, filthy books and art which are now coming from so-called American professionals. There is more "rotten, stinking garbage hidden under the umbrella of creativity" than under any other subterfuge. It is greater now than at any time in world history. Most of it is sheer "pornography!"

The "static" against truly "enlightening educatio~ comes from the "liberated professionals," who have "prostituted the ideals of education" for a theory which says: "Let the kids do what they want! We don't need discipline! We don't need higher authority! There is no such thing as character. There is no God. There is no such thing as an u~timate accounting to any higher being, so let yourself go, enjoy lie to the fullest." These will learn one day, to their eternal sorrow, the truth of the old hymn:

"And oh what a weeping and wailing, As the lost one's were told of their fate. They cried for the hills and the mountains; They prayed, but their prayers were too late!"

Laugh if you want to now, but never forget, "You were warned!"

One of the last public statements made by Dr. Karl Menninger, Dean of American Psychiatrists was: "One of our biggest problems is that we have lost the concept of sin." (The Bible says in 1 John 3:4, that "sin is the transgression [breaking] of God's Law)." This means personal responsibility. Until Americans are willing once again to accept the idea of personal responsibility, we will not rise much above the animal level."

So, as we close, let's take an inventory and look at the results that have come from our "broad-minded" Humanist education.

We relaxed censorship under the banner of "freedom of speech," and our newspapers have become cesspools of filth, often reveling in the most vivid sexual escapades and wordy descriptions of them.

We encouraged "freedom of expression," and our theaters reek with perversion of every kind, the rottener the better.

Our youth have been told that moral standards are "passe," that they change with circumstances, and the rates of illegitimate births have soared "sky high." In some areas, sexual diseases such as AIDS, and VD have soared as much as 50%.

The American Health Association estimates that millions of Americans have died of syphilis since 1900, and though we mount a billion dollar campaign against tobacco, little is said about this youth killer.

But instead of telling our youth the necessity of "self-control," our highest health officials urge them to use prophylactics, even handing them out and demonstrating their use in high school.

In one sex ed textbook called FACTS ABOUT VD FOR TODAY'S YOUTH, on p.11, there is an explicit drawing of a male sex organ and a precise description of how it is used when intercourse takes place, using common street terms and four letter words. It goes on in vivid terms to impress the youth with the pleasure that may be derived from sex. This for grades seven to nine. In another book titled FICTIONAL DIARIES, used in the tenth grade, is a story titled ME AND MRS. MANDIBLE. This is a fictional day to day diary of a high school boy's seduction by his teacher. The story beginning on Sept.13 and ends on page 77, when they are caught in the school cloakroom during recess, having intercourse. Would you care to explain how this education adds to your child's needs for the future?

Another book which drew the "fire" of West Virginia parents was INFORMATIVE ARTICLES, which deals with the use of marijuana. On page 28, the student is given explicit instructions on how to get the "biggest kick" out of smoking the weed. If you are one of those who have been "brainwashed" into believing that marijuana smoking is harmless, I'd suggest you go back 24 years and read an article on this in the Dec., 1974, Reader's Digest.

The late evening TV's have become seething plots of filthy sex, while the late night radio talk shows are unbelievably filthy, as smart young male moderators discuss intimate sex with young giggly females.

Our children are being subverted by the "liberal child molesters" in public education, the media and entertainment, into destroying themselves and America along with it. They preach: "Never mind the rules!" only to find that the "whirlpools of sex" are too strong for them to resist, and they are carried down to destruction.

During the latter days of the Korean War, I had the privilege of doing an in-depth study into what happened to our Prisoners of War, in the North Korean and Chinese Communist Prison Camps from 1950-1953. These studies were the basis of the Military Code of Conduct which is now supposedly used by our Armed Forces.

The men who came out of that terrible experience unmarred by Communist "brainwashing" techniques, were men like Major Gen. William Dean, the highest ranking man to be captured. Few men without a strong Christian character were able to resist the pressure brought against them by the enemy. The same type of pressure being used against your children.

This grim state of affairs, among our youth, is not a fantasy, my friends. The evidence is all about us. You can read about it daily in the vivid headlines of our daily news, as another "brainwashed" youngster runs amok, or our President becomes involved in another sexual scandal to the embarrassment of the entire country.

It has been because of the apathy of good people, Christian fathers and mothers, that the social planners, the Behavioral Scientists, the Enlightened Educators, the Liberal pastors, and the One World adherents have stepped into the hallowed ground of the family and are usurping parental authority.

Referring one more time to PSYCHOPOLITICS, page 27, we read: "Under the saccharine guise of assistance to them. . we will force the teenager into unwanted dependence on a grudging parent.

"By making sure in other channels that the parents are never in other than economic stress, the child can be driven in his teens into revolt and delinquence will ensue.

"By making readily available drugs of various kinds, by giving the teenager alcohol, by praising his wildness, by stimulating him with sex education and advertising sex practices in sex education, the psychopolitical operator can create the necessary attitudes of chaos, idleness, and worthlessness, which will give him the complete freedom of Communism."

Educational authorities will tell you: "Don't worry! TRUSS-S-T US-S-S (like a gigantic snake); We KNOW what's best for your child. We are the ones with training, let us handle these problems!" And many parents have taken this bait, "hook, line and sinker," and then agonized when their children were destroyed.

Maybe this hasn't happened in your school, and thank God if this is so. There are few public schools in America today, who are not being afflicted by the disease of Humanism. In fact, if they don't teach this "garbage," in some cases they don't get public funds. The few schools which held to the old fashioned, proven, teaching methods and ideas, mostly went out of existence when HEW. began to subsidize public education. Today, it is controlled for the most part by the bureaucrats of the NEA and HEW Today, the Presidents of at least 39 major colleges and universities in America, are members of the Council on Foreign Relations, which in the American branch, of a society organized in England, that believes that national boundaries should be eliminated and a New World Order be established. This same New World Order is violently anti-Christian. No wonder our children have these precepts crammed down their throats.

Many college professors are members of the Tn-Lateral Commission, which is the intended vehicle for multi-national consolidation of commercial and banking interests, through seizing control of the political Government of the United States, and bringing it under One World control, with it's loss of National Sovereignty.

Some well known names in this Humanitarian scheme are Zbigniew Brzezinski, Professor John Hopkins University; Robert Putnam, Harvard; Henry Rosovsky, Harvard; George Shultz, Stanford, and Paul Volcker.

These men who universally back the ideas of Secular Humanism, follow the ideals of One of their idols, George S. Counts, who in 1932 said: "Through the schools of the world, we will disseminate a new concept of government."

This was the identical line used in Chile before their takeover by the Communists.

In 1933, 47 hand-picked American students were sent to the University of Moscow, where they attended the Lenin School of Psychopolitical Warfare. 45 of them were Jews. They were sent to

learn the techniques of PSYCHOPOLITICS, which is the art of controlling an entire people, by first controlling their thinking. They brought the Communist Textbook PSYCHOPOLITICS to America, where it was taught to Communist cadres, at the Eugene Debs Labor School in Milwaukee, Wisconsin. It was taught there as the "blueprint for the Communist takeover of America."

In his welcoming address, Laventria Beria, then head of the KGB said: "You must work until every teacher of psychology in America, is wittingly or unwittingly a teacher of Communist doctrine. You must labor until every doctor and psychiatrist teaches only communist doctrine under the guise of psychology. You must labor until every doctor and psychiatrist is either a psychopolitician or an unwitting assistant of our aims. You must dominate as respected men the fields of psychology and psychiatry. You must labor until psychology is a required course of study in every school."

I'm sure you will realize that it is almost impossible to teach young people decency, when their teachers are being oriented in State run schools that the "in thing is to be immoral, anti-God, anti-American, and pro-Socialist."

We have heard a lot of talk over the past few years from our government about "quality education." But your tax dollars have brought you a "shoddy education system," which is not preparing our children to adequately meet the problems they will face in an oft-times hostile world.

The illusive ideal of "quality education," is not attained through "throwing tax dollars" at it. It is not attained through multi-million dollar education complexes, which clutter up the landscape of a town of any size. Quality education comes only from quality teaching, not through multi-million dollar equipment. A good teacher can do a better job of educating young people, with a minimum of modern educational help.

You don't create good teaching through wall-to-wall carpeting; air-conditioning, padded seats, and computers. In the old days, of a few decades ago, a good, dedicated teacher would put out "quality education" in a one room country schoolhouse, heated with a wood stove and with an outdoor toilet.

Our modern education concept stifles "creative teaching" and good teachers, because it does not want them to teach. It expects them to "indoctrinate!"

Teachers today have been turned into Behavioral Scientists, as can be seen by reading The NEA's Monthly Journal TODAY'S EDUCATION. In a July 1969 issue, Dr. David Mace, speaking before the AMERICAN COUNCIL OF SEX EDUCATORS in Washington, DC put his finger squarely on the problem when he said: "Young people want t wil their own thing. . .before duty to country, or family, this is most important.. . .youth has the inalienable right to develop fully, including their sex life, without any outside influence."

The Bible teaches differently. In Proverbs 29:15 we read: "The rod and reproof give wisdom; but a child left to himself bringeth his mother to shame." Today, it's considered a "bad word," to talk about using corporal punishment on a disobedient child.

Today's educators for the most part want the child under their care and control, without any outside interference from their parents.

One of the greatest mistakes we have made in America since World War II, has not been in Korea and Vietnam. It has not been in the field of ecology. It has been in the "chicken manner" in which Christian parents have abdicated their God given rights and duty to "train their children properly," The Word of God, in Proverbs 22:6 says clearly: "Train up a child in the way he should go: and when he is old, he will not depart from it." Our problems with disobedient, destructive children today, comes because of parents who have become responsible TO their children, rather than FOR them! The results are "uncontrollable brats," who are a danger to everyone they come in contact with.

We hear a great deal about pollution today, it is one of the main points of Vice President Albert Gore's pontification. But the moral pollution that is coming from our education system, and

sometimes, God forbid, the Christian church, will destroy us long before filthy air and polluted water does the job.

One thing these "mental child molesters" should learn fast, is that decent Americans, of all colors and beliefs, are getting tired of "window smashing," classroom wrecking, marijuana smoking, obscenity shouting, undisciplined brats," who are the offspring of the moral sewage being spewed in our schools. Let this be a warning to those of you who engage in this ungodly filth. A "day of reckoning" is coming, soon I believe, when a wave of righteous decency will sweep you off the streets of America. It will not be pleasant!

REMEMBER: "Without moral and spiritual discipline, this nation is fat for the kill! There will be no protection for us from 'flower children!' There will be no security in the wacky dreams of chemical hallucination! Nothing descent will ever be accomplished by youth high on pot. There can never be any social uplift in the philosophy, 'If you don't like it; burn it down!'"

We can no more afford to lose America to our progressive educators, than we can the Communists, as the end result will be the same. One World tyranny. If we lose the freedom to be decent in America, then the light of freedom will go out around the world. If we lose the right to pray and read the Bible in our public schools, it will only be a matter of time before it is forbidden in our churches, and our homes. If we lose the right to witness for Jesus Christ, then the darkness of the TALMUDIC night will fall on this country, as we become slaves of those who hate us and our God. If we allow this country to go down before the demonic forces of darkness the inscription on the Statue of Liberty will have to be changed to read: "Abandon hope; all ye who enter herein!" Is this what you want?

You may say: "But what can I do. I am only an individual, and everyone knows you can't buck City Hall." But we MUST if we are to survive as a free people! Very few parents bother to check what their children are studying in school. Have you?

You can speak out about the evils you see taking shape before your eyes. Of course you will be laughed at. You will be called every name in the book by those who would destroy you and your family. Jesus told His followers in Matthew 5:11 - "Blessed are ye when men shall revile you, and persecute you, and say all manner of evil against you falsely, for my name's sake." Have you ever been persecuted because you took a stand for God and decency? If not, it means you have been "asleep at the wheel." Maybe you are one of those Christians who wants Jesus as Savior all right, but you want Him as a sort of Celestial Fire Insurance Policy to keep you out of hell. You don't want Him as King, even thought you may sing about it in church. For when He becomes King, He must have first place in your life before everything else and I have seen very few Christians or their pastors who are willing to "give up doing their own thing," and place him first in their lives, before all else. "For by their fruits shall ye know them;" not by "what they say!"

You can elect decent, Christian legislators who will insist that our children are properly taught in the schools. Let "liberal legislators" know in no uncertain terms, that you will not put up with the destruction of your children and insist that they follow their oath of office, which calls for loyalty to the USA not some One World Government. Let them know that they will be held accountable for their actions while in office.

Talk to the newspapers, write letters to the editors expressing your feelings, some of them will bescuslished. Call in to radio talk shows and express your opinions in polite, Christian language. Never fall into the "gutter" with the often obscene moderators. You will be surprised and elated to find how many decent folks still reside in America who will back your stand.

"So what!" If someone calls you a "kook; or a Right Wing Extremist, or a nut." Jesus warned us that if we took a stand for Him, this is what would happen. Is your love for Him so weak that you are not willing to "suffer for Him?" The Apostle Paul tells us in 2 Timothy 2:9 - "If we suffer (for Him), we shall also reign with Him; if we deny Him, He also will deny us." In Romans 8:17 -if so be we suffer with Him, that we may be also glorified together." Christian, don't expect to "rule and reign

with Christ," if you are unwilling to suffer for Him now. You must be an OVER-COMER, see Rev. 3:21. You don't become an OVERCOMER by hiding in a spiritual foxhole, waiting for God to save you from the results of your own apathy. OVERCOMING, is "front line" Christian soldier business! The reason we are in the mess we are in now with our children is because instead of being "good soldiers" for Jesus Christ, we have become "cowardly foxhole dwellers."

We furnish the children and the money for education and have the God given responsibility to see that it is used well. I believe we will be held accountable before God for what they are taught. Because the "mill of God grinds exceedingly slow" at times, men have a tendency to forget that He does not "balance His books at the end of every year." But a Day of Reckoning is coming for those who lead our children astray from the truth, as surely as "day follows night." I believe parents are going to be held accountable too!

We MUST never falter in this fight, for "decency and survival," for we know that we do not fight in vain. We believe in our hearts, and proclaim with our lips and our lives, what we believe, and we KNOW He has promised victory IF we are OBEDIENT and FAITHFUL!

There is a motto on the walls of the Marine Base at Quantico, which says: "Let no man's ghost ever return to say; if I had only been properly trained!" Christian parent, pastor, concerned teacher, let it never be said of you: "If only they had told me the TRUTH; if only they had taken time to tell me what life was really all about!"

In Matthew 18:6,7 we read these very serious words spoken by God's Son, our King: "But whoso shall offend (hurt in any way), one of these little ones which believes in Me, it were better for him if a millstone had been hanged about his neck, and that he had been drowned in the depth of the sea. Woe (deep sorrow) unto the world because of offenses for it must needs be that offenses come: but woe to the man by whom the offense cometh."

Many Americans, including some Christians, unfortunately, are unwilling to face what is happening in America due to our apathy. They belong to the "great, silent, yellow majority," who have never done much that was worthwhile for mankind. This is why we are admonished in Exodus 23:2 "Thou shalt not follow a multitude to do evil." Because the majority desires something, does not make it "right," in fact, history proves that the majority has usually been wrong.

We greatly need to return to an Old Fashioned American virtue, called "Righteous Indignation!" This was the ability to see when something was wrong, and the courage to get upset enough to do something to change it.

I believe the time is here now, when decent folks, Christians and non-Christians alike, MUST take off the "Velvet gloves of apathy," and put on the "brass knuckles of truth." As Christians we should remember: "The hand of the Lord is not shortened that He cannot save; neither is His ear heavy, that He cannot hear; but your iniquities have separated between you and your God, and your sins have hid His face from you, that He will not hear." (Isaiah 59:1,2).

Must we be driven to our knees, and have our nose rubbed in the dirt, before we will "Listen to God, OBEY, and be saved both spiritually and physically?"

WE HAVE A FORMULA FOR SURVIVAL available if we want it, 2 Chronicles 7:14: "If My people (He was speaking to Christian Israelites, not anti-Christ Jews), which are called by My name (Christian), will HUMBLE themselves, and PRAY, and seek my face, and turn from their wicked ways; then will I HEAR from heaven, and will FORGIVE their sins, and HEAL their land."
